Biography

FuzzPop Workshop is a Milwaukee-based art studio creating immersive experiences that make the local otherworldly. Reflecting on technological and ecological trajectories from a new perspective, FuzzPop's work makes imaginary futures real. FuzzPop combines art, technology, and story to create large-scale installations and interactive environments, creating work that is both innovative and accessible to a broad audience. By bringing together dozens of local and diverse creatives including fine artists, designers, engineers, composers and performers at all stages of their careers, FuzzPop fosters exciting new collaborations to support a thriving creative community.
