MURAL

## Biography

Illsol is a studio based in Tampa with graffiti origins and contemporary innovation.

“Illsols' styles blend textures, patterns, and realistic imagery to create works that are designed to inspire. Range: Illsol has painted many multi-story buildings, and small interior projects, and pieces ranging in a few inches to multiple feet. The work and inspiration are also a catalyst for the gap between the academic, traditional public art, and street art worlds. Knowledge of contemporary artwork is extensive, as the artist is also a director and curator of a gallery in the Tampa Bay area featuring artists from all over the world. In style, knowledge, and technique, the studio is versatile, yet also recognizable.” - Illsol.
