Biography

Artist Patricia Kluwe Derderian paints with a combination of expressiveness and confident brushstrokes. Her paintings are marked by the efficient linework and vibrant energy of fashion drawing, and a bright color palette that is all her own. Through her paintings, she captures both public and intimate spaces and the ways we gather and share these places.

Patricia developed a love for drawing while still a young child in Brazil before majoring in architecture. Now a painter based in Pinellas County, her paintings can be found in collections around the world.
