Biography

Born in San Juan, Puerto Rico. I studied History of Art and Fine Arts: Painting in the University of Puerto Rico. I took some courses of paintings in the School of Fine Arts of San Juan, Puerto Rico and the Department of Fine Arts in the Complutense University, Madrid. Since 2017, I begun collaborating providing Art Designs and Artworks to Public and Private Entities in United States.

<h4>Rosa Cruglez:</h4>

<blockquote>"We do art for the humanity and the Social Transformation"

Our Art Studio is dedicated to Design Artworks using as inspiration the Nature, The Climate Change and the Social and Cultural Diversity and Inclusion . Our Artworks have been commissioned by Hospitals , Privates Entities, Newark Liberty International Airport and Public Art Programs of different States of the United States and Canada.

We use mostly animal designs, flowers, fruits, water and trees in a background to raise awareness about climate warming or for exalt the singular beauty of the biodiversity of each state in particular, biodiversity that makes them unique and extraordinary as a state. On other occasions, we use abstraction to exemplify how beautiful and harmonious it is to be inclusive and diverse as a society and culture.

We have experience translating Art Designs in Templates required for Public Art Projects : Traffic Signal Box(Sugar Land, texas, Manhattan Beach, California, Federal Way, Washington, Grand Prairie, Texas); Doors Vinyl Wraps (Downtown Doors Public Art Project, Madison, Wisconsin, 2019); Art Design selected for Wrap Buildings (Palos Verdes Art Center, California) or Art Designs for Fabricate Bus Shelters (Art Bus Shelter Type II, Athens-Clarke, Georgia) . Also we have done commissioned Artwork as "Calm Waters" made in Metal Print 60 x 40 inches for the Mission Hospital for Advanced Medicine, Asheville, North Carolina.
